

Georgia Prophets / Augusta, Georgia

Band Directories Copyright 2005

Brief Description	One of the most popular of the R&B party bands of the '60s in the South. The Georgia Prophets were unique for creating a festive R&B/Beach Music sound without the use of an organ or horns. In addition to the great prophet, Billy Scott, the band and its various name derivations employed some of the era's most revered musicians. Billy Scott carries on the tradition today with Billy Scott & The Prophets. Hear the Georgia Prophet's classic beach tune, <i>I Got The Fever</i> on the soundtrack to <i>The Heeey Baby Days of Beach Music</i> .
